## About Project UNIFY

Special Olympics' Project UNIFY is a national project funded by the U.S. Department of Education. The goal of Project UNIFY is to activate youth around the country in an effort to develop school communities where all young people are agents of change-- fostering respect, dignity and advocacy for people with intellectual disabilities by utilizing the programs and initiatives of Special Olympics.

Project UNIFY focuses on building a more inclusive world. We believe that young people are leaders in their schools, communities, and around the world.
